

# Corona-free start to school!

## Get tested and vaccinated before school starts

For pupils (and everyone else)  
(BioNTech age 12-99, Johnson&Johnson from age 18)

Offered by DRK in Westerburg and  
Gesundheitsamt in Montabaur

On the last vacation weekend (August 28/29) school children and others who are interested can get tested for Corona virus without an appointment:

From 11am to 3pm for Covid-19 rapid-test in Montabaur (Gesundheitsamt, Peter-Altmeier-Platz 1) or Westerburg (DRK, Langenhahner Str. 1). This way, school can start without worries and virus!

Additionally, Covid vaccinations will be available for people aged 12 and over. (Minors need to be accompanied by a parent, the second shot will be administered on 25.09.2021 at Landesimpfzentrum (county vaccination center) in Hachenburg).

Please bring your ID, health insurance card and vaccination card. Should your test be positive, we will follow up with a PCR test on the spot.

**Once tested and/or vaccinated, kids can enjoy a small ice cream for free!**

**The DRK Team will donate 8 Euros for each test and each (first) vaccination to the victims of the Ahrtal-flooding**
